Happiness starts from larger house--120gallon PVC enclosure

Screwable Enclosure

Dual-track

*Single wall sheet for summer
Double wall sheets for winter

*One more track for supporting bar to hold more substrate.

Screw optional

1.Loisy smashing avoid.
2.Frame easy in and out of the joint powered by excellent mechanics design, we think and act to make products with users on site.
3.We can easily change all walls, bottom, and decor accordingly in case it gets scratched.
4.Sturdy frame. You will not leave parts somewhere while you move them. The joints are screwed as ONE tough unit.

** Frame will be attached OK tight if we donot rotate the screws inside.*

Focus on your decor
